

MUNIFY Project Survey Report

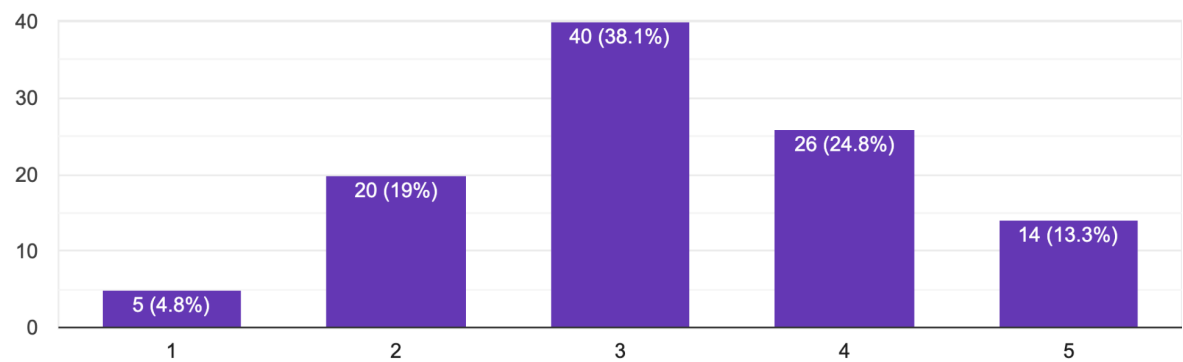

Executive Summary

The MUNIFY Project recently conducted a survey (in the MLMPS and ABMPS schools) to evaluate the impact of its events on participants and gather feedback for future improvements. The survey received 105 responses, providing insights into participants’ experiences, skill development, and recommendations for enhancement. This report summarizes the findings, highlights trends, and offers suggestions for future events. It further goes on to incorporate a few pieces of anecdotal evidence by the participants of the MUN.

Note: This survey was conducted anonymously to ensure participants could provide honest and unbiased feedback. Anonymity is crucial for maintaining confidentiality, fostering trust, and collecting authentic responses that accurately reflect participant experiences and opinions.

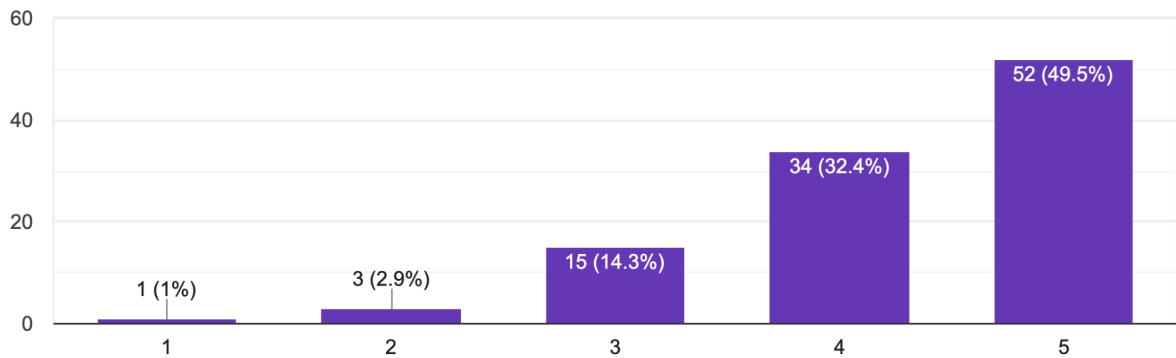

1. Public Speaking Confidence

Rate your confidence in public speaking before the MUN
105 responses
